COMPANIES

Agilent - https://www.agilent.com/
Analytical scientists and clinical researchers worldwide rely on Agilent to help fulfill their most complex laboratory demands. Our instruments, software, services and consumables address the full range of scientific and laboratory management needs—so our customers can do what they do best: improve the world around us. Whether a laboratory is engaged in environmental testing, academic research, medical diagnostics, pharmaceuticals, petrochemicals or food testing, Agilent provides laboratory solutions to meet their full spectrum of needs. We work closely with customers to help address global trends that impact human health and the environment and to anticipate future scientific needs. Our solutions improve the efficiency of the entire laboratory, from sample prep to data interpretation and management. Customers trust Agilent for solutions that enable insights...for a better world.

Arrow Electronics – http://www.arrow.com
Arrow Electronics is a global provider of products, services and solutions to industrial and commercial users of electronic components and enterprise computing solutions. Arrow serves as a supply channel partner for more than 150,000 original equipment manufacturers, value-added resellers, contract manufacturers, and commercial customers through a global network. The company maintains over 300 sales facilities and 45 distribution and value-added centers, serving over 80 countries. A Fortune 500 company with 18,800 employees worldwide, Arrow brings technology solutions to a breadth of markets, including telecommunications, information systems, transportation, medical, industrial and consumer electronics. Arrow provides specialized services and expertise across the entire product lifecycle. Arrow does this by connecting customers to the right technology at the right place, right time and right price. Arrow provides extraordinary value to customers and suppliers - the best technology companies in the world - and connects them through the company's industry-leading services.

Avaya – https://www.avaya.com/en/
Avaya is a global leader in digital communications software, services and devices for businesses of all sizes. Our open, intelligent and customizable solutions for contact centers and unified communications offer the flexibility of the cloud, on-premises and hybrid deployments. Avaya shapes intelligent connections and creates seamless communication experiences for our customers...and their customers. Our professional planning, support and management services teams help optimize solutions for highly reliable and efficient deployments. Avaya Holdings is traded on the NYSE under the ticker "AVYA."

Centro - https://www.centro.net/
Since 2001, we have provided unified software and services, to simplify and automate digital media operations, while driving performance. Centro's digital platform, Basis, is the most comprehensive media automation and intelligence platform in the industry—and the only platform to support the planning, reporting, and financial reconciliation of direct, programmatic, search, and social media, all in one place.

Cherwell Software - https://www.cherwell.com/
Modern workplaces are dependent on technology, data, and processes—workers need access to information and support to do their jobs. As the number of systems has grown and the ability to connect them has become more complex, services become fragmented, resulting in failed service experiences. And, if service fails, work stops. Cherwell empowers organizations to improve service experiences and automate workflows using data that stretches across contexts and business units. The result is meaningful and measurable digital service transformation, delivered faster.

Choozle - https://choozle.com/
We promise what most can't—a zero-nonsense approach to digital advertising. Through openness, integrity, and a digital advertising software platform with control at its core, we set up our partners for self-service success. Built and headquartered in Denver, Colorado, Choozle was founded in 2012 by Andrew Fischer and Jeffrey Finch and has been focused on making digital advertising easy since day one. Everyone has a seat at the table here. As a company, we're committed to being a force for good—at work, in the community, and beyond. Only by bringing together different talents, backgrounds, and experiences can we lead innovation in the ad tech industry. Fueled by our eclectic team, we boast a fun, energizing workplace with an emphasis on growth, attitude, ownership, and service. But we remember to keep balance and enjoy the ride—downhill on skis at our company retreats in the mountains.

Concentrix - https://www.concentrix.com/
Concentrix brings together unmatched talent and all the tools and capabilities to power the greatest customer engagement. Concentrix is a technology-enabled global business services company specializing in customer engagement and improving business performance. We partner with ambitious, progressive executives around the world to future-proof their business and stay ahead of the competition and customer expectations.

CSG – http://www.csgi.com
At CSG, we have one vision: flexible, seamless, limitless communications, information and content services for everyone. We simplify the complexity of business transformation in the digital age for the most respected communications, media and entertainment service providers worldwide. With over 35 years of experience CSG delivers revenue management, customer experience and digital monetization solutions for every stage of the customer lifecycle. We are the trusted partner driving digital transformation for leading global brands including Arrow Electronics, AT&T, Bharti Airtel, Charter Communications, Comcast, DISH, Eastlink, iFlix, MTN, TalkTalk, Telefonica, Telstra and Verizon.

Dell EMC – https://www.dellemc.com/
Dell EMC is a part of the Dell Technologies family of brands. Dell Technologies is a unique family of businesses that provide the essential infrastructure for organizations to build their digital future, transform IT and protect their most important asset: information. The company services customers of all sizes across 180 countries – ranging from 98 percent of the Fortune 500 to individual consumers – with the industry's most comprehensive and innovative portfolio from the edge to the core to the cloud.

Evolve Vacation Rental - https://evolvevacationrental.com/
Evolve Vacation Rental is a hospitality company with a mission to make renting a vacation home easy for both guests and owners. We help guests rest easy knowing our homes are verified, our support is 24/7, and if their stay doesn't meet our standards, we'll make it right. We also make vacation rental stress-free for homeowners, partnering with them to book more and keep more of what they earn thanks to our industry-low 10% management fee. We support over 14,000 properties in over 700 markets across North America, thanks to some of the hardest-working teams around. We maintain a strong work ethic and an unapologetic passion for customer service. We focus on hitting measurable results, on time - all while having some fun along the way. Our team is changing the landscape of the vacation rental industry and we're looking for smart, committed, and driven individuals to join us. If you want to join a hospitality brand with a clear sense of purpose (and fun), click the link in our profile to see current opportunities.

FullContact - https://www.fullcontact.com/
FullContact is a privacy-safe Identity Resolution company building trust between people and brands. We deliver the capabilities needed to create tailored customer experiences by unifying data and applying insights in the moments that matter. We create the greatest possible journey for the consumer, which will ultimately lead to a better brand experience and better conversions. We are the stewards of consumer information, offering people the trustworthy transparency that they expect when it comes to their data and how it's used. And, we achieve this by being better, and doing better; by safeguarding data and using it to the benefit of everyone.

Google – http://www.google.com/about/company
Google's mission is to organize the world's information and make it universally accessible and useful. Since our founding in 1998, Google has grown by leaps and bounds. From offering search in a single language we now offer dozens of products and services—including various forms of advertising and web applications for all kinds of tasks—in scores of languages. And starting from two computer science students in a university dorm room, we now have thousands of employees and offices around the world. A lot has changed since the first Google search engine appeared. But some things haven't changed: our dedication to our users and our belief in the possibilities of the Internet itself.

Gorrilla Logic - https://gorrillalogic.com/
Founded in 2002, Gorilla Logic delivers world-class software development and consulting services for enterprise-scale mobile, Web, and cloud applications. 500+ employees and three locations later, companies rely on our high-performance, distributed Agile teams to enhance their existing resources and accelerate their time to success. Based at our nearshore development centers in Costa Rica and Colombia, our "Gorillas" are English-fluent, culturally aligned, and operate within the same time zones as our clients. They provide unsurpassed technology expertise and a passion for serving our clients. We take great pride in creating an environment that is beneficial to both our clients and our

employees! In a recent internal survey, 94% of Gorillas say "I am proud to work for this organization." That enthusiasm shines through in the work we do!

Grancious - https://granicus.com/
More than 4,500 government agencies have chosen Granicus to modernize their online services, web presence, and communications strategies. We offer seamless digital solutions that help government actively reach, inform, and engage citizens for a better civic experience. The Granicus family is growing every day. We're constantly adding team members to support our expanding list of government organizations we serve. Grancious supports missions of over 4,500 government customers – and that number is growing every day. Every day, roughly 110,000 people sign up to receive information from government through Grancious. This powerful Network of 250 million citizens is growing every day. The Grancious family has been fortunate to add new team members across all office locations in the past year.

Guild Education - https://www.guildeducation.com/
Guild's mission is to unlock opportunity for America's workforce through education, with a double-bottom line business model that does well by doing good. Guild helps leading Fortune 1000 companies align best-in-class education benefits programs with their corporate strategies. We enable organizations to enhance their employer brands, transform their workforces, and drive talent acquisition and retention by unlocking opportunity with debt-free education.

Gusto – www.gusto.com
Gusto (formerly ZenPayroll) is a company that provides a cloud-based payroll, benefits, and human resource management software for businesses based in the United States. Gusto's mission is to create a world where work empowers a better life. By making the most complicated business tasks simple and personal, Gusto is reimagining payroll, benefits and HR for modern companies. Gusto serves over 100,000 companies nationwide and has offices in San Francisco and Denver.

Hitachi Vantara Corp. – http://www.hitachivantara.com/
Hitachi Vantara, a wholly owned subsidiary of Hitachi, Ltd., helps data-driven leaders find and use the value in their data to innovate intelligently and reach outcomes that matter for business and society. We combine technology, intellectual property and industry knowledge to deliver data-managing solutions that help enterprises improve their customers' experiences, develop new revenue streams, and lower the costs of business. Only Hitachi Vantara elevates your innovation advantage by combining IT, operational technology (OT) and domain expertise. We work with organizations everywhere to drive data to meaningful outcomes.

HP - https://www8.hp.com/
HP creates new possibilities for technology to have a meaningful impact on people, businesses, governments and society. The world's largest technology company, HP brings together a portfolio that spans printing, personal computing, software, services and IT infrastructure to solve customer problems. HP (NYSE: HPQ)

IBM – https://www.ibm.com/us-en/
IBM is a leading cloud platform and cognitive solutions company. Restlessly reinventing since 1911, we are the largest technology and consulting employer in the world, with more than 380,000 employees serving clients in 170 countries. With Watson, the AI platform for business, powered by data, we are building industry-based solutions to real-world problems. For more than seven decades, IBM Research has defined the future of information technology with more than 3,000 researchers in 12 labs located across six continents.

Ibotta – https://home.ibotta.com/
Ibotta is a free cash back rewards and payments app that gives you real cash for everyday purchases when you shop and pay through the app. Ibotta provides thousands of ways for consumers to earn cash on their purchases by partnering with more than 1,500 brands and retailers. Whether you're buying groceries, clothing, electronics, or wine and beer, Ibotta will pay you cash for your purchases. In fact, Ibotta has paid out over $860 million in cash rewards to more than 35 million users since its founding in 2012.

Integro – http://www.integro.com
Integro is an award-winning, industry-recognized products and services firm specializing in Information Governance, Enterprise Content Management, and Content Security solutions. Since 1995, we've been delighting clients with technology solutions that minimize risk, reduce eDiscovery and storage costs, ensure compliance, govern records, secure

sensitive data, and support defensible disposal. We're proud to be named a Top ECM Consultant by research firm, Clutch, a "Cool Vendor" by analyst firm, Gartner, and a Worldwide Governance award-winner by IBM.

Nokia - https://networks.nokia.com/
We create the technology to connect the world. Powered by the research and innovation of Nokia Bell Labs, we serve communications service providers, governments, large enterprises and consumers, with the industry's most complete, end-to-end portfolio of products, services and licensing. We adhere to the highest ethical business standards as we create technology with social purpose, quality and integrity. Nokia is enabling the infrastructure for 5G and the Internet of Things to transform the human experience.

OnDeck Capital - https://www.ondeck.com/
We believe that small businesses are the lifeblood of the U.S. economy, and historically have been underserved financially. Since our founding in 2006, we've been committed to making it efficient and convenient for small businesses to access financing online.We know that a small business is more than just a credit score. That's why we pioneered the use of data analytics and digital technology to aggregate and analyze thousands of data points to assess the creditworthiness of small businesses rapidly and accurately. We also know that small business owners don't have enough hours in the day as it is, and when they need funds, they need them right away. That's why we created a simple online application, backed by exceptional customer service – so business owners can get the funds they need, and back to running their business.

Oracle – http://www.oracle.com/us
Oracle Corporation (Oracle), incorporated on October 9, 2005, provides products and services that address all aspects of corporate information technology (IT) environments, including application, platform and infrastructure.
