Fall A	<b>Elective 2</b>
Fall B	<b>Elective 3</b>
Spring A	<b>Elective 4</b>
Spring B	<b>BUSN 6710</b> <i>Strategic Management</i>

This pathway guide outlines what courses to take each 8-week session, assuming a student is working full-time. Students can deviate from the above pathway, but should work with a graduate academic advisor to develop a customized pathway to ensure course availability and meeting all necessary prerequisites /corequisites for courses.

Core classes outlined above are offered in the hybrid format or the online format, primarily in fall and spring, so students can choose their preference in modality. Hybrid courses include 6 to 8 in person meetings per 8-week session complemented with asynchronous content. Online courses are 100% asynchronous (e.g. no meeting days/times).
