

PROGRAM OVERVIEW

OVERVIEW Understanding risk, how to manage it, and how risk management can be used to increase firm value is essential in the current business environment. An RMI degree will provide an overall perspective on risk, covering insurance products, and mitigating risk in business and personal situations. RMI coursework will prepare students for careers in the risk management industry.

ACADEMIC ADVISING

It is recommended that students meet with an advisor regarding their individualized degree plan at least once per year.

SAMPLE ACADEMIC PLAN OF STUDY

The following academic plan is a **sample** pathway to completing degree requirements. This schedule can be adjusted to accommodate AP, IB, and/or CLEP credits, as well as courses taken during the summer sessions. Students should tailor this plan based on transfer credit, course availability, and individual preferences related to course load, schedules, and add-on programs such as minors or double majors. Students must complete an experiential learning credit (internship, study abroad program, or project-based course) and a capstone course taken in their final semester. **This plan assumes that the foreign language graduation requirement has been completed with high school courses or proficiency exam.**
