

## PROGRAM OVERVIEW

A major in entrepreneurship sharpens business skills and focuses on business concepts that actually work in the real-world. Business administration students will be able to apply the skills they learn about running a business to their chosen profession in both startup and corporate settings. In addition to classroom fundamentals, students will find a strong experiential component, including speaker events featuring local entrepreneurs, networking nights and mentorship opportunities.

## ACADEMIC ADVISING

It is recommended that students meet with an advisor regarding their individualized degree plan at least once per year.
